EXPERIENCE

Techvolt Software, Coimbatore — Machine Learning Intern

MAY 2026 – PRESENT

- Designed and executed end-to-end Machine Learning pipelines in Python, covering data ingestion, feature engineering, model training, and performance evaluation.
- Applied supervised learning algorithms to real-world datasets; improved model accuracy through iterative hyperparameter tuning and cross-validation strategies.
- Performed comprehensive data preprocessing workflows including missing-value imputation, outlier detection, normalisation, and categorical encoding on structured datasets.
- Delivered practical, project-based ML solutions that bridged theoretical concepts with production-ready implementation, receiving positive feedback from mentors.

Karpagam Academy of Higher Education, Coimbatore — AI & Data Science Student

2025 – PRESENT

Pursuing a Bachelor of Science in Artificial Intelligence & Data Science while building hands-on ML and full-stack projects.

EDUCATION

Karpagam Academy of Higher Education, Coimbatore — B.Sc. Artificial Intelligence & Data Science

2025 – PRESENT (EXPECTED 2028)

PROJECTS

KAHE Task Management System — Developer

2025

- Developed a task management platform for students and faculty to assign, track, and update tasks.
- Implemented role-based authentication for admins, faculty, and students.
- Built a dashboard to monitor task progress and deadlines in real time.

KAHE Classroom Management System — Developer

2026

- Built a system to manage classroom schedules, resources, and attendance records.
- Enabled faculty to track student attendance and performance efficiently.
- Designed an intuitive, responsive interface for classroom administration.

SKILLS

Languages: Python, JavaScript, Dart

Frontend: HTML5, CSS3, React

Mobile: Flutter, Mobile App Development

Database: MySQL

Tools: Git, GitHub

Core Areas: Artificial Intelligence, Machine Learning, Full Stack Development, Web Development

LANGUAGES

Tamil (Native)

English (Professional Working)

CAREER OBJECTIVE

Seeking roles in AI, Data Science, Machine Learning, and Full Stack Development to apply technical expertise, contribute to innovative projects, and grow as a technology professional.
